These sea slugs
come in a variety of
crazy shapes and
colours

ORANGUTAN-
Orangutan
means 'Person of
the Forest'

P

PENGUIN -
Penguins cannot
fly, but they swim
to catch fish

A quokka, a small marsupial, is standing on a sandy beach. It has brown fur and is looking up towards the camera. Its mouth is slightly open, and there is some sand on its nose. The background shows a clear blue sky and the ocean with a small boat visible in the distance. A green circular graphic with a yellow border is in the top right corner, containing a large white letter 'Q' and text about quokkas.

Q

QUOKKA -
Quokkas are one
of the friendliest
animals

A Javan rhinoceros is shown in its natural habitat, a swampy forest. The rhino is dark grey with thick, wrinkled skin and a small horn on its snout. It is partially submerged in water, with its head and shoulders visible. The background is filled with dense green foliage and brown branches.

R

RHINOCEROS -
This is a Javan
rhino, only found
on the island of
Java, Indonesia

S

SAIGA- Their
strange nose is
used to filter out
dust

T

TIGER - Tigers live on their own and are excellent hunters

U

URCHIN - Sea
urchins have
spikes to protect
themselves

V

VULTURE - Some vultures find their food by smell, others by sight

W

WHALE - The
blue whale is the
biggest animal to
have ever lived

X

X-RAY FISH - This fish has a boney structure that gives it great hearing

Y

YAK - Yaks are used to carry heavy loads across mountains

Z

ZEBRA - Each zebra has a different set of stripes

GREAT WORK!

NOW YOU KNOW YOUR
ALPHABET!
